

Advanced Vibration Technology

pro7™

Achieve functional training results like never before with the Power Plate® pro7™. Scientifically proven to get results in half the time of traditional programs, your clients will feel the difference in just one session. The pro7 is the first commercial vibration training machine to feature an integrated LCD touch screen with Functional Interactive Training (F.I.T.) software, taking clients through every stage of their Power Plate program. Equipped with embedded proMOTION™ multidirectional cables with variable resistance and the largest Power Plate platform available, training clients on the pro7 is limited only to your imagination.

Functional training made simple.

Technical Specifications:

Frequency	25–50Hz
Amplitude	Low or High
G-Factor™ Settings	0–8 (with 27 sublevels of intensity)
Time Selections	0–9 minutes (15 second increments)
DualSync™ Twin Motor System	Maintains precise balance at any frequency and amplitude level, allowing perfect synchronization of vibration for maximum muscle response and efficiency
Dimensions (W x D x H)	96cm x 116cm x 155cm / 38in x 46in x 61in
Weight	410lb / 186kg
Power Supply	100–240V, 50/60Hz, Nominal Power: 160-265W, Universal Voltage
Maximum Load	500lb / 227kg
proMOTION™ Dynamic Vibration Technology	Seven-position tension adjustment; embedded with modular attachment option
STAX™	Advanced Stabilization and Compensation System
Operating System	Windows CE 6.0 Professional
Upper Display	10.1in LCD Display (800 x 480 pixel)
USB Port/Hub	USB 1.0 Port x3 (1 external, 1 internal service port)
Net Access	10/100M Ethernet
Audio	2 recessed speakers with headphone option and volume control
PrecisionWave™ Technology	High-fidelity harmonic vibration system that provides uncompromising performance for unsurpassed results
Certifications	MDD, CE and EMC ;RoHS / WEEE FDA Listed as Class 1 device, 510k exempt , PSE, NRTL, C-NRTL, CB
Warranty	2 years parts/1 year labor

Standard Color*

Graphite
